

Recorded Demo - Integrating ACT! by Sage with Sage MAS 90 and 200

View this recorded Webcast presentation and demonstration of ACT! Contact Manager with Sage MAS 90 and 200 and learn how your business can increase productivity and maximize customer/vendor relationships with this new module. ACT! by Sage builds a bridge of shared information between your customer-facing sales staff and the heart of your business, your accounting system.

You'll see how:

- Data is shared bi-directionally between ACT! and Sage MAS 90 and 200
- Launch Sage MAS 90 or 200 tasks from within ACT!
- Keep important customer information readily available to improve customer service
- And much more!

If you value your customers, this module is a must. See for yourself in this exciting and informative presentation.
